Please make sure the client wire the **next 50% amount of \$150,000** on Monday, so it will show up on Tuesday, January 23rd if not we will need to push the shoot day to Thursday and may miss your deadline.

Even though they wired the money yesterday, it didn't show up until 7:45 am today

ALSO, I am preparing a basic production contract for them breaking down their payments and delivery schedule

Thanks,
